TDD: START IV (EP-S8-13-01/0009)/WESTON-042-17-029 is sent as a courtesy copy to you in EAS.

You may access the document at <https://eas.epa.gov/>

Project Title: START IV

Description: Initial TDD ceiling set at \$90,000.

The contractor shall:

Complete the Phase 2 ground water investigation for the Tronox NAUM - San Mateo Creek Basin Legacy Uranium Site. This work shall include preparing the ESI Phase 2 Ground Water Investigation Report, including all figures, tables and appendices. The Phase 2 report shall be prepared according to EPA guidance for performing site inspections (EPA-540-R-92-021), Directive 9345.1-05, or as directed by the EPA. A draft Phase 2 report for the site shall be submitted to EPA for review no later than April 14, 2017.

As part of the report preparation, the Contractor shall develop appropriate hydrogeological maps and cross sections as directed by EPA to support the ground water investigation. The Contractor shall also participate in weekly teleconferences with EPA's COR to discuss the initial draft of the report and any comments by EPA. The Contractor shall revise the draft report to adequately address all EPA comments and resubmit a second (and possibly a third) draft final report for EPA review. The Contractor shall provide electronic copies of the draft final report and all associated figures, tables and appendices, to the State of New Mexico, EPA Region 9, and other regulatory agencies at the direction of the EPA COR. These state and federal agencies as well others at EPA Region 6 will receive the draft final report to perform independent or internal EPA review and comment. The EPA COR will provide any additional comments to the Contractor after such review is complete. The Contractor will revise the draft final report to adequately address all additional comments and submit to EPA a final report. The Contractor shall also provide copies of the final report to stakeholders as directed by the EPA COR.

The Contractor shall also participate on the weekly calls discussed above to support EPA's work on HRS Scoring and NPL listing, as appropriate.

The Contractor shall support EPA at meetings with
